

As more and more public media is owned by fewer and fewer people or groups, the obligations of station license holders' must be observed and upheld more carefully than ever.

From where I stand it appears that the Sinclair Broadcasting Group, has abused this privilege, and should be punished and/or loose it's license. I hold a federal broadcasting license too, as a radio amateur, and know what I am allowed to say and what I am not allowed to say, on the air. The use of Sinclair's license to broadcast programs such as "Stolen Honor: Wounds That Never Heal," is misuse of that license, plain and simple. Sinclair is using it's power to manipulate and bias the voting public in favor of it's personal choice of candidate. It is one thing to say this outright, but another to present it as undeniable fact. The use of public airwaves in this way is unconstitutional and illegal.

I urge you, as chairman of the FCC, not just to criticize Sinclair - but to suspend - and consider revoking that license for this abuse. I believe their actions require an immediate reaction so as to make it clear that this sort of thing will not be tolerated.

Sincerely,

Mr. Leslie Spaiser
